Dear Chess Friends,

many countries around at least Europe celebrate May 1 as Labor Day. We celebrated it as well, funny thing all shops, all business are closed on this day. So actually the labor day is celebrated with free day. But not on the Internet. The Internet medium does not know any free or non-free days. It knows only the site is up-to-date or not up-to-date. And therefore we wanted to keep our promise and deliver the monthly update as normally we would do. It meant however closing everything also on May 1.

Here is the special package prepared for you for May.

1/ OM 1.15 with 5,580.129 games in 6 file : 5x 100 MB + 88 MB

2/ OM 2300 with 1,006.337 games. In 1 CBV file 118 MB

3/ OM 2500 with 178.447 games in 1 CBV 25 MB. DB indexed with all parameters.

4/ OM 2300 Tree with 7 rars : 6 x 100 MB + 56 MB
